

ASPER-MASTER TABS

FAST!

Effective And Easy To Use

POWERFUL, EASY TO USE TABLETS

Any place that condensate or water is collected (or allowed to accumulate) becomes a breeding place for harmful algae, fungi, mold, bacteria, and other organisms. **ASPER-MASTER TABS** kills these growths in the pan or water and will eliminate, control, and prevent growth of harmful algae, E.coli, fungi, mold, and bacteria. Laboratory tests have shown **ASPER-MASTER TABS** to be effective against 3 types of aspergillums, legionnaires' disease, salmonella, escherichia coli, staphylococcus, etc.

Simple Tablet Treatment For All Evaporative Coolers

Special chemicals wet the pads allowing them to hold more water.

Amazing chemical action produces clean fresh air. **ASPER-MASTER TABS** adds life to coolers, motors, pumps, fans, and pads. Keeps spiders and pans clean and prevents damaging scale build-up.

ASPER-MASTER TABS dissolve right away to quickly coat pads. They are economical to use and they save on repairs and maintenance.

Cooling System Tablet Treatments For:

1. A/C condensate drain pans and drain lines
2. Evaporative cooler operations
3. All fan coil applications

EPA registered protection from harmful air-borne organisms found in evaporative coolers.

Features:

- **EASY TO USE-** Drop a tablet into the sump
- **PRE-MEASURED-** Repeat as needed
- **PREVENTS ODORS-** Kills the odor causing bacteria
- **SAVES ENERGY-** Increases cooling because pads hold more water
